

Independent and Collaborative Ventures (ICV) Fund

The ICV Fund is roughly \$25,000 that has been set aside for individuals or groups to use for specific projects or events. Funds may be used by existing ECOS clubs/organizations or groups unaffiliated with ECOS (as long as they are made up of Eckerd College students). Anyone may apply to use ICV funds, but distribution of funds is contingent on review by the Financial Affairs Committee and approval of Executive Council. All ECOS financial procedures and regulations apply to the ICV Fund.
