

Independent and Collaborative Ventures (ICV) Fund

Approximately \$35,000 has been set aside in the ICV fund for individuals or groups to use for specific projects or events. The funds may be used by existing ECOS clubs/organizations or groups unaffiliated with ECOS, but they must be used by Eckerd College Students. Anyone may apply to use ICV funds, but the distribution of funds is contingent on review by the Financial Affairs Committee and the approval of the Executive Council and Student Senate. All ECOS financial procedures and regulations apply to the ICV funds.
